Enhance the appearance of the station. Visitor attraction and positive impression of the town (image)	Work in partnership with the Station Adopters. Provide funding via greening contract Community Pride competition	Funding provided via the greening contract.	

<p>Take action to reduce the mosquito problem</p>	<p>Receive forecasting reports and monitor the problem. Take actions to reduce the issue via advice. Provide funding and resource to deliver this monitoring</p>	<p>Meeting took place 11.01.19. RSPB had carried out work during 2018 to keep the channel wide in the area close The Harp. This was to protect wildlife by keeping walkers away from breeding pools. The value of sensitively carrying out mosquito testing prior to such dredging was discussed.</p> <p>The Group agreed that dredging had value but the emphasis needed to be on targeted dredging.</p> <p>The Group will aim to dredge at Quayside during 2019. Next meeting Nov 2019.</p>	
<p>To monitor the NNP</p>	<p>Receive reports on how the NNP is being implemented.</p> <p>The NNPMG are managed via the Places committee.</p> <p>Places committee provide feedback on planning applications, with support of NNPMG.</p>	<p>Report submitted by NNPMG April 2018</p> <p>The NNPG have advised that they will be submitting their next Annual review report.</p> <p>Actions to be taken forward by Council in the format of the Strategic Objectives</p>
